

Weather Conditions

Hub Soccer of Denville, Inc.

The Division Director may postpone any game in case of bad weather or unsafe conditions. Both teams must show up for a scheduled game at the scheduled time, unless they have been notified by the Division Director or his/her representative. Once at the field, the referee, in consultation with both coaches may postpone a game. The referee must stop the game and clear the field at the first sight of lightening. It is the coaches and parents responsibility to seek proper shelter for the players.

Coaches are prohibited from rescheduling games on their own. Any and all cancelled games will be rescheduled by the Division Director in cooperation with both coaches and the Referee Director.

The condition of the fields in Denville is a result of the effort and knowledge of Denville Public Works. It is their decision on whether a field is playable and we must respect that decision. Information on the status of the Denville fields can be found at www.weatherclosings.com and www.cancellations.com.
